

## The 9/11 Omission Report

**The 9/11 Commissioners — many of whom had serious conflicts of interests.**

**“This is a scam, it’s disgusting. America is being cheated...As each day goes by, we learn that this government knew a whole lot more about these terrorists before September 11 than it has ever admitted.... Let’s chase this rabbit into the ground. They had a plan to go to war and when 9/11 happened that’s what they did; they went to war.”**

**Senator Max Cleland, who stepped down from the  
9/11 Commission in December 2003.**
